

## COMTESSE

---

### Characteristics

The precious viscose fabric is as fine as silk and offers a wide selection of shining colours as well as sparkling gold and silver.

---

### Application possibilities

- \_ book cover, back strip, full-binding and half-binding
- \_ cover material for slipcases, folders and luxury cardboard boxes

### Processing opportunities

- \_ printable in offset and screen printing
- \_ blind embossing and hot foil stamping
- \_ glue-proof laminated on paper
- \_ good creasability

We will be happy to provide you with further processing-relevant material information.

---

### Certificates/Environment

FSC®-certified on demand, REACH  
Produced in Europe according to DIN ISO 9001 and 14001.

Generally, all fabric types are solvent-free, free from chlorinated hydrocarbons, formaldehyde-free, skin-friendly and biodegradable.

The used dyes do not belong to the category of hazardous substances and are also biodegradable.
