

## CRYLUXE

---

### Characteristics

This material based on a latex-impregnated viscose fleece with acrylic coating is particularly hard-wearing and dirt-repellent. Leather-like surface embossings and bright colours allow an eye-catching product design.

---

### Possible applications

- \_ book covers (half- and full-band)
- \_ cover material for ring binders, slipcases, folders and menus
- \_ cover material for premium packaging

### Processing possibilities

- \_ hot foil stamping, blind embossing
- \_ very good for gilding
- \_ screen printing

We will be happy to provide you with further material information for processing.

---

### Certificates/Environment

REACH, FSC®-certified (FSC 007262).  
Produced in Europe according to DIN ISO 14001, 9001 and 50001.
