

SURBALIN

glatt | gerippt | seda | linea | honan | perleffekt | shantung | prima | moiré

Characteristics

SURBALIN is a dyed-through natural paper with a high percentage of long-fibre pulp. It is available in many inspiring surfaces and fascinating colours. Some of the colours can be found once again in the product range of our fabrics.

SURBALIN perleffekt is equipped with an additional acrylic coating, which gives the material an iridescent imaginative shining.

Application possibilities

- _ book cover
- _ book jacket
- _ endpaper
- _ banderole
- _ cover material for slipcases, round boxes, cases, hooded lid boxes, boxes with slipcase, magnetic boxes

Processing possibilities

- _ printable in offset and screen printing
- _ for printing on SURBALIN perleffekt we recommend purely oxidative drying colours (film colours)
- _ we recommend tests before digital printing
- _ blind embossing, hot foil stamping
- _ folding, punching, creasing
